

Lunch + Learn

Join us every month for our Lunch & Learn series, where we bring together entrepreneurs, local business owners, and community members to connect, share ideas, and learn from industry experts.

Each session features a guest speaker who presents on a topic vital for business growth and innovation.

Enjoy a meal, engage in meaningful conversations, and gain valuable insights to help you and your business thrive. Don't miss this opportunity to network and be inspired over lunch!

Featured Speaker **Rei Cameron**

Living the star Trek Dream: Adventures in Creating Virtual Realms and Exploring the Emerging Tech Frontier

Rei Cameron is a proud Japanese American artist, metaverse architect, and owner of Maker Comet. Rei transitioned from a career in research science and science communication to become a full-time artist, focusing on the design of immersive VR worlds. Using Mozilla Hubs and Blender, she engages in pushing the boundaries of digital expression by fusing her knowledge of art, 3D modeling, and metaverse experiences. Rei's mission is to inspire and foster a more equitable and friendly technological landscape, creating opportunities for independent creation without compromise to large corporations.
